And What Have You

By BOB CRAIG

The Pied Pipers will open the district play Friday night at Haskell and we hope that the Pipers, as well as Hamlin fans, will remember that this is a whole new ball game and that both teams will be going into the game with clean slates. Season records at this point have very little meaning and it is the next five games that really matter.

The Pipers have played as tough a non-conference schedule this year as any year we know of and while the outcome has not been what the Pipers or the fans would have liked, the team as a whole has learned a great deal from it.

The important thing now is for the team to forget about the past but at the same time to remember those lessons learned. It is most important now that these past games and old records not become an albatross that becomes more weight than the team can carry.

This is probably more advice to the fans than it is to the team as the team pretty well proved last Saturday night in the second half that they are not going to give up, no matter what the odds. Sometimes we are not so sure about some of the fans.

We would like to see each Piper fan let the team know that they are behind them and appreciate the effort that they are putting forth for our school and community. There is no sense kidding ourselves—the kids will have their work cut out for them Friday and they sure do not need to have to overcome poor support on the part of the fans. And this includes the grandstand quarterbacks who could do much better to save their advice for the TV set Sunday afternoon and their PAID heroes.

So, let's all get behind these kids and support them Friday night at Haskell.

When we were in Lubbock a couple of weeks ago for a West Texas Press Association board meeting we found that there are a great number of communities in West Texas that are faced with the problem of having their hospitals closed by the federal government.

As we understand it, there are 80 Texas hospitals that have had their doors closed and another 140 who have been threatened by Health, Education and Welfare officials for not complying with their regulations.

While the HEW does not actually lock the doors to these hospitals they do take away their right to serve Medicare patients and in our part of the country these people are the ones who constitute the bulk of the hospital patients and without them the hospitals can not remain open.

Three HEW requirements are causing most of the closing. These are: (1) requirement for a Registered Nurse to be on duty 24 hours a day; (2) specific types of fire sprinkler systems must be installed; (3) autopsies must be performed on 20 percent of those who die in each hospital.

Of the three, the first is the most impossible one because there are just not that many Registered Nurses available. They just can not be hired when they are not available.

It would appear to us that it is better to serve a community with a hospital that is open, staffed by doctors and some RN's, than one that is closed. The closing of a hospital not only creates a problem for the local people but also creates an overcrowding of already overcrowded hospitals in the larger cities.

Checking locally with Charles Absher, hospital administrator, we find that our hospital has been approved at least for awhile but we are short RN's. They have complied with enough other regulations to get by for now. It seems to be a full time job just staying up with the HEW demands.

Pipers to Open District Play At Haskell Friday

District 7-AA conference play gets underway this week as the Pied Pipers travel to Haskell to meet the Indians with kickoff time set for 7:30. In other action Stamford will host Anson and Rotan will host Merkel.

Haskell will be taking a 4-1 record into district play with a loss to Eastland the only black mark on their record while Hamlin will still be looking for their first win.

The Pipers are expected to be in good physical shape for Friday night, but will be playing without Charlie Sellers who is attending the National FFA Convention in Kansas City this week.

The biggest problem facing the Pipers Friday night will be how to stop Haskell's speedster Charley Franklin, who at 170 pounds is probably the best back in this area. Running in the backfield with

Franklin will be quarterback Keith Everett who ran half-back for the Indians last year. The other two backs will be Eddie Harris, 163 pounds, and Jackie Young, 155 pounds.

In the line for the Indians will be Gary Cobb, 148 pounds, and Randy Stone, 160 pounds,

at the end positions; Steve Guess, 170 pounds, and Wayne Davis, 190 pounds, at tackles; Clifford Campbell, 215 pounds, and Jim Mickler, 156 pounds, at the guard positions; and Gary Mayfield, 195 pounds, at center.

In other action the Freshmen will host Crosbyton here tonight at 7 in a re-match. Hamlin won the first meeting of these two teams. Tuesday the two junior high teams will travel to Albany with the seventh grade playing at 5:30 and the eighth grade at 7.

Not much picking has been done since the last Herald went to press. We are telling of the weather situation in this community for the sole benefit of our readers who live in distant parts of the state and who are land owners here. Wednesday night a stormy cloud came from the north and great damage is reported from hail to the west in the neighborhood of Roby and Sylvester and all the territory south of Hamlin. It is reported that one man lost twenty bales of cotton, and if that be true, others have likewise lost heavily, south of town. The ground being very wet, Wednesday night's rain appeared to be heavier than it possibly was. The roads are getting in a very rough condition as a result of the continued wet weather.

Central Nazarene Academy has opened this year with a better attendance than it has had in the last two years. The pre-session prospects are becoming realities. The present enrollment in all departments, not counting duplicates, is over 65, which is more than three times the enrollment for the same time last year. This is sufficient proof that God would be pleased with having one large Nazarene school in Texas.

A sacred concert will be given by the Choir of the First Baptist Church on Sunday evening, October 18th, at 7:30 p.m. A cordial invitation is extended to the general public.

To S. E. Riddle will belong the distinction of building the first "Duplex" Bungalow in Hamlin. An eight room building is now under course of construction, just east of his residence and west of the Wilson Motor Co. brick. That means "close in" and will always be a popular place for rent.

TWENTY YEARS AGO
(October 13, 1950)

Snyder, Roby and Hamlin firemen carried off honors in hose races at the Mid-West Firemen's association meet held at Rotan last Thursday. More than 300 volunteer firemen, their wives and visitors attended the meet which was held for the first time in Rotan.

Hamlin firemen placed first in the six man hook-up race with a time of 14 seconds flat. The six man team was made up of Bill Thompson, Charles Carter, Weldon Hudson, Carl Young, Jack White and Jake Lawson.

Colorado City and Merkel placed in that order behind Hamlin.

At the dinner meeting of the association about 500 were present and there the final business of the

day was consummated. Result of a determined bid by the Hamlin representation was the selection of Hamlin as the site of the April meeting of the association.

A chuck wagon featured the evening with a dance followed at the VFW hall.

Virtually the entire Hamlin organization attended the evening meeting.

A report Wednesday evening from the 22nd annual Central West Texas Fair, Haskell showed that Mrs. Fay Young Morton's Y-6 Herefords took all the honors Tuesday in the beef cattle division.

Mrs. Morton is owner of the Y-6 Ranch located North of Hamlin and she showed a grand champion and a reserve at the show.

Hamlin's three drug stores are keeping pace with the growth of the community with a general face-lifting campaign which has added materially to the attractive interiors.

Waggoner Drug started the ball rolling with the installation of a new fountain and additional tables at which to serve their fountain trade.

Reynolds Drug Store came in with their own renovation program that brought new showcases along the north wall in a modern blonde finish and then installed upholstered booths for service from their fountain.

Keeping in step with progress, the Howard City Drug has now completed installation of a modern back bar to their fountain, the perscription department has been moved to the rear and interior of the store has been freshly painted.

Further plans for improvement have been indicated to an already superior appearance of the three stores.

TEN YEARS AGO
(October 13, 1960)

Jerry Howard, Hamlin Jaycee President, announced this week that the carnival held over the past weekend was a big success and that the club opened up their Youth Center fund with \$236.59. This was one-fourth of the profit from the carnival.

Several months ago the club voted to put one-fourth of all money raised by the organization into this fund and to accept donations for a program and facilities for the youth of Hamlin.

After a slow start, the Pipers crushed the Childress Bobcats Friday night in their last non-conference contest, 36-14.

The strong passing combination of Mike Bond to Jerald McCanlies paid off again with one touchdown and three conversions. Bond, who also passed to Robert Brandon for a TD, completed nine of 17 passes for 132 yards.

Neinda Philosopher Thinks He Has A Solution To Problem of All This Hijacking of Airplanes

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One has been giving some thought you might say to the problem of airplane hijacking, his letter this week reveals.

Dear editor:

As everyone knows, the hijacking of airplanes has become a serious problem, especially following the hijacking and blowing up of those three big planes by the Mid-Eastern guerrillas and the holding of 400 hostages for two or three weeks out there in the burning desert, and as a result a lot of hard thinking has been going on trying to figure out a solution. But not enough.

For example, the latest plan is to put armed guards on planes, at a cost of millions of dollars a year. They'd function like the armed guard on a stage coach, the one who rides beside the driver gun in hand and is said to be "riding shotgun."

This won't work. Anybody who has ever seen a Western knows it won't work.

Invariably the outlaws pick off the guard first, I never have seen one successfully fight them off yet, he slumps

over, and the driver reins in the horses with his hands up. Later, if the outlaws figure he has recognized them, they shoot him too, and generally he does recognize them, if he's been watching Westerns himself. They use the same outlaws over and over.

Another method being half-used is to make sure no passenger boards a plane with a gun, hand-grenade, dynamite, or other weapon, but it's not very successful. In the first place, to really eliminate all weapons you'd have to search every passenger from head to toe and then go through every piece of his luggage, including women's purses, something that would take so long a travel would be slower than train travel, there aren't many trains left, and as a result everybody would have to stay at home and you know how some people would go out of their minds doing that.

But there is a solution. Everybody seems to be overlooking the obvious, the simplest, the most effective, and the cheapest way to stop hijacking, which I now offer free of charge.

The thing to do is handcuff every passenger to the

arm-rests on his seat. Everybody. Except maybe kids under 6, and you'd better keep your eye on some of them.

The cuffs would be electronically controlled from the pilot's compartment. At a signal, while the plane is still on the ground, everybody places his arms in position, the cuffs close, and stay that way till the plane lands. It would even eliminate smoking. In case of an emergency landing, all cuffs could be released simultaneously by the flick of a switch.

It might be a slight nuisance but you can now get from one end of the country to the other in just a short time, 3 or 4 hours at the most and sooner than that when they get those bigger planes going, and it looks like nearly anybody would rather be handcuffed for a short time than kidnapped to Cuba or some lonely desert in the Mid-East for two or three weeks.

I guarantee this would stop all this hijacking. It might even bring passenger trains back.

Yours faithfully,
J. A.

WORLDS TO Conquer!

Many Young People have just recently stepped out of the world of training and study, and now look to make their spot in the world. These words of encouragement are written for you.

New frontiers are still there to be conquered, there is a place of service for you. Do not be afraid, for in the strength of your youth, you can accomplish much, however, do not shun the advice and help of others. Above all, seek the knowledge of the Lord.

"Thou shalt guide me with thy counsel." Psalm 73:24

ATTEND CHURCH REGULARLY

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Pipers Swamped In First Half With Jacksboro Sat.

After a disastrous first half at Jacksboro Saturday night the Pipers came back to play the Tigers on even terms during the final two quarters. Owing a 43-0 first half lead the Tigers went on to defeat the Pipers 55-7.

The Tigers scored every time they had the ball in the first half with Quarterback Lee Cook running for three and passing for one more. Rounding out the scoring for the Tigers in the first half was Fullback Floyd Colbert and Fullback Bill Brown.

Cook scored on runs of 32, 6, and 25, and passed for 58 yards to his split end Sammy Lewis. Colbert scored from seven yards out and Brown went in from the one.

The Pipers moved into Tiger territory twice during the first half but gave up the ball once on a fumble and on downs the second time.

The Pipers missed a scoring opportunity mid-way in the third period when they took over the ball on the Tiger 14 but Quarterback Duane Stewart was caught behind the line twice trying to pass and Jacksboro took over again on the 16.

Following this, the Pipers got the ball again in Tiger territory when Gene Stovall recovered a Tiger fumble at the 21. Three plays later the Pipers fumbled the ball back to Jacksboro at the 11. From this point the Tigers opened up their only touchdown drive of the second half with Cook going the final nine yards for the score.

Later in the fourth period the Pipers took over again deep in the Tiger end of the

field only to have Cook intercept a Stewart pass and return it 70 yards for the final Jacksboro score.

Milton Jones nearly broke loose on the kickoff return as he carried the ball 25 yards to the Hamlin 45. From there he passed to Ricky Rodgers for 27 yards on the halfback pass to the Tiger 28. Fullback Barry McDonald picked up seven yards and Jones passed again to Rodgers for nine yards to the 9-yard line. Jones raced around his right end for the score with Doug Elliott kicking the point-after.

The Pipers moved into Jacksboro territory two more times during the final period but could not push across. The final time was set up when Barry McDonald intercepted a Tiger pass and returned it to the Tiger 42. The Pipers moved to the Tiger 25 before two incomplete passes killed their drive.

Mr. and Mrs. J. A. Andress of Gardena, Calif., visited with his parents, Mr. and Mrs. Will Andress, at Holiday Lodge. They also visited with Mr. and Mrs. Don Hymer and Mr. and Mrs. G. W. Drummond.

Wrong By-Line On Youth Festival Story Last Week

In printing the account of a different kind of Youth Festival on last week's church page, the credit for the story was given the pastor of North Central Baptist Church, rather than the teacher of the Sunday School Class, James Brigham.

We apologise to Mr. Brigham for this error. Mr. and Mrs. Brigham are co-teachers of the youth division and have been instrumental in the growth of the class of six members to the present membership of 22.

Gil Lain and Robert Bailey of Hamlin are pledging Sigma Delta Sigma, men's social club, of Hardin-Simmons University this fall.

Rep. Frank Calhoun Issues Statement In Re-election Bid

State Representative Frank Calhoun issued the following statement this week concerning his candidacy in the November 3 general election for re-election to District 62, Place 2, composed of Jones and Taylor Counties.

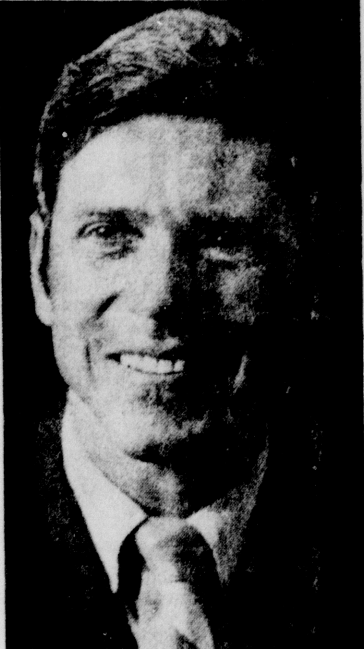

"With prospects and proposals for higher state taxes to pay for the increasing programs and services of Texas Government, and with redistricting and judicial reform necessary during the next session, the people of Jones and Taylor Counties have a lot at stake in who represents them in Austin," said Calhoun.

In asking for the voter's support to the Texas House of Representatives, Calhoun stated, "I offer my past record of responsible voting on fiscal matters, my ability to work with the other elected officials of West Texas, and

my experience from working and serving on committees of direct interest to the economy and welfare of this area as my qualifications to serve the best interest of the people in this district."

Calhoun, an attorney, is a member of the House Judiciary Committee which is conducting an interim study on ways to improve the administration of justice in Texas. This committee will make a recommendation for bold and sweeping reforms to the 62nd Legislature. Also, House Speaker Gus Mutscher appointed Calhoun to a five-man House liaison committee to aid in the introduction in the next legislative session, the proposed Texas Penal Code Revision which is now being prepared.

Currently, Calhoun is engaged in public hearings across the State as Vice-

Calhoun was first elected to the Texas House of Representatives in 1966 and was re-elected in 1968 without opposition. During his terms of office he has served on the following committees: Common Carriers; Counties; Criminal Jurisprudence; Congressional and Legislative Districts; Oil, Gas, and Mining; Parks and Wildlife; Motor Transportation; and Judiciary Committees, and was Vice Chairman of the Urban Affairs Committee in the 61st Legislature.

Born in Houston, Calhoun was reared at Moody in McLennan County. He worked his way through Texas Tech graduating in 1956 with a B. A. Degree. He earned his law degree at the University of Texas and came to Abilene in 1959. In 1965, Calhoun served
